Review

For all those who like these board games, now there is a mobile app that mixes the classic bingo game with the characteristics of an arcade, we are talking about **Bingo Blitz**. In this mobile game you can enjoy their fast games while you get exclusive collectible items, points that will make you climb the rankings and much more.

One of the **advantages of Bingo Blitz** is found in its more than 50 game rooms, all of them different from each other and in which more than 30 are international, so you can play with people from all over the world. Each one has its own theme, being specialized rooms, and the rewards you will get will be very different, so dare to get them all.

This free application does not stop being updated to add new content to surprise its users, so you will find new objects weekly to get and accumulate in your collection. **Download Bingo Blitz for free**, you find it available for **Android** and **iOS**.

Play Bingo Blitz, with it you can connect with millions of people from around the world, making the games even more exciting. It has its own chat rooms in which all participants have the possibility to comment on each of the games in real time, being totally private and only those who are part of that room can participate.

It also has a series of enhancers that will help you achieve bingo games or the results you expect, these you will achieve while you overcome challenges that the **Bingo Blitz game** itself offers you, with the possibility of playing with up to 4 cards at the same time. Get them all and boost your level in the official ranking.

Each of its rooms has a different theme, such as Elvis Bebo Bingo, where you will receive exclusive rewards while the King of Rock himself is singing the numbers. Or the fun temporary rooms, which are special rooms for a limited time depending on the season or holiday that marks the calendar. You will also find a slot dedicated to slot machines, in which you will accumulate achievements that you can later use in the rest of the rooms.

✓ Pros

- Chat rooms during games

✗ Cons

- Problems when starting the app

- Possibility to enjoy mini-games
- Good interface
- Special events
- For a better experience you have to spend a lot of money
- Translation missing in some languages
- It is complex to achieve Bingo
