Description

In Call of Duty, stick to a few simple rules: KEEP YOUR FRIENDS CLOSE Find out when your friends are online and what they play to join the fight. Or you want to see how you're going? Follow and compare your career stats and achievements with them to find out who is the best dog. LEARN FROM YOUR ERRORS Get fully personalized tips unique to your playing style, analyze your moves with detailed gameplay maps and get other customized recommendations from your loads to the last match. NEVER FIGHT BY ALONE Play as a team, win as a team using Call of Duty titles, both from the past and the present. Connect with a group of friends and make weekly goals together to unlock unique rewards. Increase your stake in the competition by accessing the latest updates, game events, launches and other updates. Call of Duty includes social features that allow you to connect with friends and send push notifications to let you know when there are exciting events or new content in the game. To play, an internet connection is required for this game.

Review

One of the most important first person shooter games on the market. The Call of Duty saga has been one of the essentials in the world of digital entertainment for years. The franchise started in 2007 and has since released all kinds of content that was sown by a legion of fans. The main features of Call of Duty titles are games that are warlike. The different installments have recreated campaigns of all kinds, both real historical events, fictitious events set today or space wars in the future full of technological advances. After presenting strong and developed stories in its campaign mode, the franchise in charge of Activision, built a tradition around its online multiplayer option. Today a large number of tournaments are held with important prizes around the delivery. Call of Duty delivers a new product every year.

✓ Pros

- Extremely amazing visual effects.
- The war mode is unique-Gameplay is bloody and intense.
- Creating a class is in-depth and interesting.

✗ Cons

- The single player campaign is too short.
- Multi-person visual effects are dimmed to increase speed.
- Strange environment interaction.

- Huge battle scenes.
- Trials.

Tips

1. Immerse yourself as soon as you jump out of the Chinook
2. Ignore everything on the ground until you find a weapon
3. Look for the blue light in the sky
4. Always aim at the head
