Description

Critical Ops is a 3D MULTIPLAYER FPS designed for mobile devices. Experience the action where quick reflections and tactical skills are the key to success. Are you ready for a mobile FPS based like never before on skills? Critical Ops is a first person shooter characterized by demanding game modes and a fascinating battle on beautifully designed maps. Fight alongside your teammates or increase individual rankings. Will you join the ranks of Coalition or The Breach? The result depends entirely on your skills and strategy. We do not offer in-app purchases that offer players a competitive advantage and guarantee a FAIRY game environment! Master the weapons and individual skills competing in the PvP game. Classification games place the player in front of members of special forces with similar abilities. During the game you will learn the mechanics of the game and the knowledge that will help you to evolve as a player. Become a member of COMPANY! Create or join a clan. Host private games. Collect friends or join them in exciting clashes! Critical Ops takes the world of e-sports to mobile platforms. Join our E-SPORT ACTIVE SCENE and receive advertising for YOU and your team. The game currently offers three challenging game modes: Disarmament Two teams, two goals One team is trying to put a bomb and defend it until the detonation, the other tries to disarm it. Master on the battlefield! DEATHMATCH TEAMTwo teams compete with each other for a specified time in deathmatch mode. Do not waste any bullets! GAME FOR GUNS Two teams face each other, while individual players gain a better arsenal. Arm yourself!Play according to your preferences using matchmaking: FAST GAMES Play a match of any available game mode with players of similar skill level. RANKING GAMES Players compete against each other for points and advance to higher positions thanks to the wins in modified departures of the disarming

Review

Critical Ops is a 3D MULTIPLAYER FPS designed for mobile devices. Experience the action where quick reflections and tactical skills are the key to success. Are you ready for a mobile FPS based like never before on skills?

Critical Ops is a first person shooter characterized by demanding game modes and a fascinating battle on beautifully designed maps. Fight alongside your teammates or increase individual rankings. Will you join the ranks of Coalition or The Breach?

The result depends entirely on your skills and strategy. We do not offer in-app purchases that offer players a competitive advantage and guarantee a FAIRY game environment! Master the weapons and individual skills competing in the PvP game. Classification games place the player in front of members of special forces with similar abilities. During the game you will learn the mechanics of the game and the knowledge that will help you to evolve as a player.

Become a member of COMPANY! Create or join a clan. Host private games. Collect friends or join them in exciting clashes!

Critical Ops takes the world of e-sports to mobile platforms. Join our E-SPORT ACTIVE SCENE and receive advertising for YOU and your team.

The game currently offers three challenging game modes:

Disarmament

Two teams, two goals One team is trying to put a bomb and defend it until the detonation, the other tries to disarm it. Master on the battlefield!

DEATHMATCH

TEAMTwo teams compete with each other for a specified time in deathmatch mode. Do not waste any bullets!

GAME FOR GUNS

Two teams face each other, while individual players gain a better arsenal. Arm yourself!Play according to your preferences using matchmaking:

FAST GAMES

Play a match of any available game mode with players of similar skill level.

RANKING GAMES

Players compete against each other for points and advance to higher positions thanks to the wins in modified departures of the disarming mode. Go to the top of the ranking!

✓ Pros

- Fantastic graphics and sound card
- Frequent updates
- Ability to create your own skins

✗ Cons

- A game similar to another in the market
- I get bored quickly

Tips

1. Invite friends
2. Put your own clans
