It is one of the most popular and fun titles that grabs its players for hours. The **Homescapes game** has become the favorite of millions of users around the world, and for some time it has been treading in the world of **mobile applications and games**.

The fever for puzzle games was started by Candy Crush, but the developers quickly got down to work to achieve the same success or even surpass it. That is why fans of this type of genre always find one that is different and delights them. Homescapes collects the best of each of these to offer a battery of levels and unmatched fun. **Download Homescapes for free**, you find it available for **Android** and **iOS** devices.

Its mechanics are very simple, being there one of its most differentiating qualities, it helps Austin to clean and clean this wonderful house, restoring its warmth and comfort for when the family returns. This busy butler will have to go through each of the levels to get the rooms to be pristine. To do this you will have to combine the 3 objects that you find for each of the screens, in this way the room that is in a mess you can restore in its entirety, even changing the design shown and creating your own personalized house.

Each time you manage to renew a room, you unlock a new level, in which you will find new chapters of family history. As you progress through the game, its levels will become increasingly difficult, so you will have to pay close attention to the objects that are scattered around the room and combine them quickly, because you have a limited time to collect each one of them.

Austin is a professional butler, which is why he has a privileged view to order and take care of this house. Upon arriving at his childhood home, he has found that his family has left and everything is in a mess, so it is his obligation to fix everything. With a very intuitive interface, in the **Homescapes game** everything you see and navigate on the screen is very simple, in which a game area will appear with different colored pieces that you will have to join to match and you can win the points that will make you overcome the different levels.
