### Review

---

The development of technology, and especially the advancement of **free mobile applications**, changed many customs and rituals that we had incorporated into our daily lives. Not only was the way of reading news, contacting family or friends, ordering meals online, meeting people, studying or learning games changed, but the way we can play, participate and find out the latest lottery results was also updated. .

Today we will bring you some of the **best free apps available** in virtual stores to find out what your fortune was in the Critter Game and the Federal Lottery of Caixa Economía draws. Lotteries are held twice a week, every Wednesday and Saturday.

If you want to keep up to date and know if your luck has changed, you should **download Jogo do Bicho e Loterias**. The tool was developed by ksximenes and can be obtained free of charge on Android and iOS.

One of the **advantages of Jogo de Bicho e Loterias** is that it will offer you the numbers that were drawn in an accessible, simple and very clear way. Everything you need to control your destiny, luck and fortune.

To **use Jogo de Bicho e Loterias** the first thing you should do is install it on your mobile. The process is very simple since you can find the tool made by ksximenes in the most popular app stores. Once you enter the application you can select which of the weekly draws you want to see. You can choose between "Jogo Do Bicho" or "Lotteries". Below that alternative you have the possibility to choose on which day you want to obtain the information. Even in parentheses you will have detailed information about which region the draw took place.

Once you enter the selection that indicates the **results of Jogo Do Bicho**, the number that was drawn will appear detailed position by position. Remember that the prizes go from first to fifth place.

It is important to note that the app does not allow you to place bets online and is responsible for offering the results that appear twice a week in a simple, accessible and uncomplicated way. In addition, it will be important that you keep in mind that some type of internet connection is necessary, either by data or WIFI to be able to get the information.

To refresh what the rules of Jogo de Bicho are, let's remember that the game has animals as its main characters and chance is its main component. Each person will have to choose an animal to bet and will be able to get outstanding rewards.

If you find yourself thinking about the types of bets available in the draw, we can tell you that you have two options at your fingertips. One of the alternatives is that you place a bet on the animals. The person can choose between making a "simple", "double", "triple" play or more. On the other hand, you have the option of leaning towards a numbers bet, which is also known as advanced. If you decide to make this play, the objective is to hit the last two numbers, the last three figures or the entire number, this can be decided when betting.

When you start with this proposal you will start with only the animals available as options, which means that you will make simple bets. The more you play, you will advance in the chances of the game and you will have more options. Remember that you can choose how much value you have per bet or play.

It is worth remembering that we are in the presence of one of the oldest games of chance in Brazil since it is estimated that it has been present in the society of the Latin American country for more than 120 years.

**Jogo de Bicho e Loterias** brings us in an easy way the possibility of finding out instantly the results of this popular chance proposal. It is interesting to think how once again the advancement of the development of a mobile app facilitates the information of a game that has been present in society for so many years. Although the tool does not support online gambling, it is very useful and comfortable so that you can find out up-to-date what your fate was.

### ✓ Pros

---

- It forces you to try to have a logical reasoning to win.
- The mobile application is very easy to understand.
- Allows you to control the results of other awards.
- It will save all your numbers in its memory and it will notify you if you are a winner.

### ✗ Cons

---

- The game space is used for other interests
- Low probability of winning
- May cause financial problems
- Does not contribute financially to the State
