Review

One of the most fun and popular applications to let your imagination run wild. Musical.ly is a platform where people have the possibility of making music videos to which they can add all kinds of effects. The program was born in 2014 and since 2018, after being acquired by Bytedance, it became TikTok.

Like Musical.ly, TikTok gives people the opportunity to make the most fun and creative videos. The productions are usually short-lived and users can add all sorts of cute effects. One of the most used is to add audio or music files and for the person in the video to sing on that track.

The new app that Musical.ly became becomes also works as a video editing tool, since the material can be edited and modified through different options.

✓ Pros

- You know many people of all kinds
- When you record, your artistic side comes out
- You can spend hours laughing at videos
- Learn new digital skills

✗ Cons

- When you record a video, if you close the app at that moment you lose it, it is not saved
- People look at you like a weirdo when you record in public

- When listening to a song that you like, you will start making gestures as if you were recording
- Only with Iphone the video looks full HD4K

Tips

1. If you want to be a great musically and be among the best, the first most important advice is that you must be natural. One of the things that characterizes the two best mussers is that only with their naturalness and mobile, have they become the best.
2. Enjoy the duels with a friend. It is very easy to do it and if you synchronize it, it can be very good assembly, and surprise the remains.
3. Another thing you can do to get to the top is to accept the challenges. In this way you can improve again and again and reach the best positions in the rankings.
4. Be aware of the tags to know which song is newer and what is petating on the social network. This way you will be updated and you will sing what the best people sing and you will enjoy playing hours and hours.
