Spectrum TV has always been very aware of the changes that were taking place in the way of watching television, that is why it was one of the first to warn that the transformation that was taking place was going to be great and you had to be prepared to enter in action. That is why it has joined the trend of having its own streaming platform.

More and more people opt for this type of service and cut their losses with cable transmission, which means that competition in this market is high and each one has its own characteristics that stand out from the others and that they try to be the ones chosen by the users. **Download Spectrum TV for free**, you find it available for **Android** and **iOS**. This platform was launched exclusively for the company's clients, which makes it a closed service but still has a series of benefits that make it stand out from the rest.

This app stands out with a very intuitive and easy-to-use interface, so you won't have to be passionate about technology to get to control it like a true expert. It takes advantage of its own original products from its television channel and to which it adds more than 30,000 programs and movies on demand. All this gathered in its 250 channels.

You can have all your favorite content on your mobile phone, to view anywhere and at any time, regardless of whether you are at home or not. In addition to this type of content, you will also have a good number of sports and news channels, including the most important ESPN and NBC Sport Network and others of the local sports genre, so you will always be informing and all sports fans will not they will lose nothing of their equipment.

Although it is a completely free application, to be able to enjoy all its offer you must have a **Spectrum TV** subscription package. Create your own personalized guide in which you will find all its channels quickly and easily, which you can also filter by categories to make it even easier to get to the one you want to see. Its search engine will allow you to find results not only by the name of the program, but also by people or teams.
