### Review

---

If you like board games in which you will have to go through a board while you get rewards and you have to pass different tests, the **game The Game of Life** is one of the most exciting alternatives with which you can play for hours. This title fulfills what its name promises, each of its participants will have to go through the different stages of their lives with the ultimate goal of ending up being the richest and the one with the most achievements.

The classic board games are gradually reaching mobile devices, where they have found a new place where they can continue to offer their fans more hours of fun without the need to be physically present, being able to play whenever they want and anywhere. **Download The Game of Life**, you find it available for **Android** and **iOS**.

With very elaborate graphics, **playing The Game of Life** gives you the same experience as in the original game but more improved. Spin her wheel and select each of your decisions. Depending on the path you choose, you will have some consequences or others. This mobile version offers more possibilities, so you will have many more options to have a different life in the game.

It maintains its aesthetics and its game mechanics, achieving one of the **advantages of The Game of Life**, its game modes. You can play alone or in multiplayer, including online, which is preferred by its millions of users since it allows you to play with people from all over the world. It also has its chat rooms where you will talk with the rest of the players in the game and you can comment in real time.

You will have a good number of minigames with which to overcome the different squares of the board. This one adapts to the new times with the possibility of choosing such current professions as pop star or youtuber, being clear about all that this means for your virtual life. Other than that, you will have to do the normal things that you would do in real life, like pay taxes, work, etc., so feel free to start enjoying this imaginary life.

#### ✓ Pros

---

- A must-have classic
- Add new elements to the original game

#### ✗ Cons

---

- Connection problems

- Multiplayer option
- Great fun
- In addition to being paid, you have to pay to get more content
- Sometimes you can't finish games
- Too much text
