Review

There is a game on the market that unites in a single title a high quality sound, the best puzzles and more than 30 songs of different genres so that you can decide which one you like the most and you can enjoy all of them while you continue to overcome their different screens It's the **game Tiles Hop: EDM Rush!**

This rhythmic world can boast of having its own content and that it is its players who continue to feed on new rhythms and encourage them to continue uploading their songs to the platform to play with them. **Download Tiles Hop: EDM Rush! free**, you find it available for **Android** and **iOS** devices.

Enjoy all this soundtrack while you make this shiny ball overcome all the obstacles that the game Tiles Hop: EDM Rush! Jump across the different colored tiles and get to the end of the levels without making a mistake and falling.

The ball will jump to the beat of the song that is playing, so you will have to follow the rhythm to make special combos and get more points. Use all your reflexes so that the ball does not miss its way and listen to the melody to overcome the challenges. It is much more than advancing through the screens, let yourself be carried away by the rhythm.

The way to control it is very easy, directly by pressing on the screen, with the difficulty that these touches have to go to the rhythm of the music that sounds. If you just press and you are out of rhythm, the ball will continue to jump in a straight line, which can cause you to miss and have to restart the game.

Tiles Hop: EDM Rush! facilitates the creativity of its users, on its main screen you will find the option to play your own songs. Just by clicking on it you can add all the songs in mp3 format that you have stored on your mobile device. You can add as many as you want, these will be automatically added to the game and you just have to select them by scrolling through the list of available pieces.

In the initial screen you will always have in mind the scores of your current game as well as the percentages of the completed music. These are obtained at the end of each game, in which you will be shown how many stars you have collected, which you can share with other users to demonstrate your skills.
